

The Cottage
Commonside
Boundary.

Bheadle.

ST10-2NU.

Jan 8th 2023.

Dear Sir/Madam,

Objection is two retrospective
planning applications at 'South View',
commonside, Boundary, ST10-2NU.

Ref:- SMD/2022/0476 and
SMD/2022/0480.

I live at the 'Cottage' Boundary, ST10-2NU,
next door to Mr. Mark Weston who has
already raised his objections in writing
to yourselves.

I have lived at this address for
35 years and wish to raise the

Following objections regarding this retrospective application.

Firstly, I am very concerned about the increase in vermin which will inevitably result if this application goes through. Myself and my neighbours have experienced significant inconvenience due to large quantities of horse excreta being regularly deposited outside our front doors. However, this has reduced considerably since the applicants were informed of the need for planning permission.

Being a long-standing resident I am also concerned that should this building work go ahead it will prove detrimental to the character of this attractive village and

consequently the value of our
properties.

Yours Sincerely -

Mrs. G. Davis .
