Submission: Neither

Comments: As next-door neighbours, we would like to be sure that no hedging will be removed between us at number 10 and them at number 12 and that any upstairs window added to the property on our side will be of frosted glass for reasons of privacy. The applicant has assured us that windows in the new roof space bedrooms will be velux, not dormer. We understand that the eaves and roof will slope gently - we are concerned that some sunlight to our main seating area in our garden may be blocked and would like assurance that the rebuild will not be too high.
