Submission: Objection

Comments: My family and I Strongly oppose this planning application, which has been submitted again by the Landlord of The Royal Oak, High Street, Dilhorne. we oppose this application both on environmental reasons and also health and wellbeing, of not only my household, my animals on my smallholding, but also that of my neighbours. My family and I moved here knowing the present neighbourhood and as such improve on my mental health and that of my step father . we strongly believe that the building of this property would severely impact on all of us here at Green Acres. Furthermore, I have animals that have been rescued and are already of a nervous disposition, so any loud prolonged noise would terrify my animals. We bought our home on the preconception that the information and details relevant to the purchase would stay unaltered. these were that we had "uninterrupted picturesque field views of many miles", encircling the back of our house. Moreover, the stress and anxiety that this is already causing is impacting on our health and disabilities.

Also, this may open a precedence to build more properties or outbuildings on the rest of the field.

yours sincerely
