Submission: Objection

Comments: This business will be impacted negatively should the proposed planning application get approved

We are a self catering business which brings tourists to the area who contribute financially to the local economy

We in turn use many local businesses & services all of whom will lose income should our own and fellow self catering businesses impacted by this proposed development

We are situated in the Peak District National Park yet less than 2 miles from this proposed development

There is sufficient provision for dealing with dead stock within the area, we don't see why it is necessary for another such development

Having lived & worked in the National Park all our lives and developed a business to enable us to continue to afford to live in the area where we were born & brought up, recognising it is more expensive to live a) in the Peak District & b) in rural areas - we don't rely on the state for support in any way and we would like to continue with that same philosophy and feel very strongly that this proposed development would significantly damage our ability to continue to do that.

Furthermore we believe a knock on effect to our own business income being impacted negatively, our ability to support other local businesses will also be impacted negatively too
