Categories:

Dear sirs

We live at 69 Heath Avenue, I am writing to object to the proposed rear extension to 67 Heath Avenue. There is also a proposal for an extension to the side of the property which is fine.

The proposed rear extension will be very close to the boundary between our properties and will obstruct the natural light to our living area. In addition it will just be one solid brick wall.

We feel that consideration should be given to existing residents who have lived on this street for a long time and who's property could be devalued by such a big lump.

If the size could be reduced to take it further away from us that would be better.

We would be very grateful if you would give our objections due consideration.

Yours faithfully
Mrs Vivien withington
