Hi Jane,

Condition 7 - CEMP is normally accompanied by a drawing showing the location of site compound, storage, parking, wheel wash etc. Paragraph 2.10 refers to a 'road cleaning strategy' - there are no details of this. Appendix 5 Construction Traffic Route to site doesn't really narrow it down very much, but all approaches are A class roads.

I think this is the only condition relating to highways put forward for discharge in this application.

Trust this is of use,

Dave
