Comments: PRECEDENT

A Country Pub in a local village just a few miles from Cresswell has applied for change of use to use green agricultural land at the rear of the building for the provision of seven pitches for touring caravans.

The Staffordshire Moorlands District Council planners are recommending refusal because

"It would not preserve openness and would result in countryside encroachment. There would also be harm to the character and appearance of the area and the setting of (the village)"

The exact same criteria apply to this application, with the additional critical factors of a landing pad for helicopters to eventually facilitate up to 160 landings/take-offs per day, and parking areas for 12 helicopters. All in the extremely close proximity to the existing properties of Cresswell and the 157+ additional properties recently approved by Staffordshire Moorlands District Council

Add in the appalling noise nuisance, the hugely damaging exhaust pollution and the potential for landing or take-off accidents, and it becomes abundantly clear that this proposal is totally inappropriate.

The members of the Planning Committee are requested to refuse this application.
