Comments: ** Agent submitted comments on behalf of the occupants of Buttfields Farm **

"Dear Sirs,

With reference to application SMD/2022/0605 for Mr J White, our main concern is the excessive burning sometimes on a daily basis. The fact that a lot of containers are already on site, many being used by tradesmen, we feel that this will only make the issue more exacerbated. We have even had the smoke in our cattle sheds on numerous occassions. I have spoken to Mr White's staff in the past regarding this but no action has been taken. Therefore, please consider this when making your decision. We have reviewed the waste exemption register, however we cannot find any entry stating that the business has an exemption to burn waste in the open.

Kind regards,

Mr & Mrs Beech - Owner/Occupiers at Buttfields Farm"
