Submission: Objection

Comments: I oppose this revised application as it hasn't addressed any of the issues from the very first, rejected application.

Access is still an issue.

where will visitors and works traffic park? All round an already blind bend (refer to earlier submitted photos).

The environmental survey highlighted that this application would affect the local biodiversity.

Us neighbours will have to endure months of noise pollution, traffic, etc which will not effect Mr. Jones as he lives miles away in Derbyshire and hasn't lived in the area for over 35 years so cannot be classed as a local resident.

The parish is forever increasing without any improvement to amenities and this application will add further pressure to this issue.

This application has been submitted solely out of greed not out of necessity.
