Application no: SMD/2022/0114

Determined on: 27th February 2023

**Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) (England) Order 2015
(as Amended)**

FULL PERMISSION FOR DEVELOPMENT

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990.

Location of Development:

4A Transformer House Well Street Leek Staffordshire ST13 6JU

Description of Development:

Proposed extension to the first floor.

In pursuance of their power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **HEREBY GRANTS PLANNING PERMISSION** for the development described above subject to the following condition(s):

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.
Reason: To comply with the provisions of Section 51 of the Town and Country Planning, Planning and Compulsory Purchase Act, 2004.
2. The development hereby approved shall be carried out in accordance with the details as submitted in the application form and submitted specifications and as shown in drawing 5921-002 Rev B.
Reason: To ensure that the development is carried out in accordance with the submitted details and approved plans, in the interests of good planning, for clarity and

the avoidance of doubt.

3. Prior to the development commencing, a site specific sound insulation scheme to attenuate both airborne and impact sound shall be submitted to and approved in writing by the Local Planning Authority to ensure that the transmission of noise and vibration into any adjoining property is prevented. It shall also include detailed particulars of the levels of noise to be generated within the building. The shall be implemented in full prior to the development being brought into use.

Reason: To protect the amenities of the adjoining residents

4. During the construction of the development:
 - I. Any waste material associated with the demolition or construction shall not be burnt on site but shall be kept securely for removal to prevent escape into the environment. All waste transfer records shall be retained for inspection by officers of the Local Planning Authority;
 - II. No activity hereby permitted shall cause dust to be emitted beyond the site boundary so as to adversely adjacent residential properties and/or other sensitive uses and/or the local environment. In the event dust is caused to escape the site boundary the activity shall be stopped until sufficient dust suppression has been undertaken to prevent further escape. There shall always be the appropriate means and sufficient water resources on site for dust suppression. These shall be made available for inspection when required by officers of the Local Planning Authority

Reason: To protect the amenities of the area during construction

5. The brickwork shall match in colour, form and texture the render of the existing building and there shall be no variation without the prior consent in writing of the Local Planning Authority.

Reason: To ensure that the works harmonise with the existing development.

6. The window frames shall be white uPVC and there shall be no variation without the prior consent in writing of the Local Planning Authority.

Reason: To ensure that the works harmonise with the existing development.

7. The roof material shall be plain clay tiles to match the property at 4 Well Street. There shall be no variation without the prior consent in writing of the Local Planning Authority.

Reason: To ensure that the works harmonise with the existing development.

8. The additional floorspace provided shall only be used for storage uses falling within Class B8 of the Town and Country Planning Use Classes Order (as amended) and (notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 2015 – or as may subsequently be amended or re-enacted) for no other purpose unless a further planning permission has first been granted on application to the Local Planning Authority.

Reason: In the interests of neighbour amenity and the delivery of the spatial principles of the local plan.

9. The storage room hereby approved shall not be accessed, and there shall be no deliveries to or collections from it, before 08:00 hours or after 18.00 Monday to Saturday or at any time on Sundays and public holidays.

Reason: To protect the amenities of the surrounding residents

10. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (As Amended) Part 3 Class P there shall be no change in the use of the building to that of a dwellinghouse unless a further planning permission has first been granted on application to the Local Planning Authority. .

Reason: In the interests of neighbour amenity and the delivery of the spatial principles of the local plan.

Informative

1. The Local Planning Authority (LPA), in reaching this decision, has followed the guidance in paragraph 38 of the National Planning Policy Framework. The Framework advises that the LPA should work proactively with applicants to secure developments that improve the economic, social and environmental conditions of the area.

NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section at BControl@staffsmoorlands.gov.uk
1. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Staffordshire County Council.
2. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a “condition precedent”. The following should be noted with regards to conditions precedent:
 - (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
 - (b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.
3. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.
4. The permission is granted in strict accordance with the approved plans. It should be noted however that:
 - (a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
 - (b) Variation to the approved plans will require the submission of a new planning application.
5. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
6. If the decision to refuse planning permission is for a householder application, and you want to

appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

7. If this is a decision to refuse planning permission for a minor commercial application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
8. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.
9. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://acp.planninginspectorate.gov.uk>
10. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
11. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
12. Domestic sprinklers
Fire sprinklers operate automatically even if you are not at home releasing water directly over the source of the fire and sounding the alarm, they are unobtrusive and easy to install. Sprinklers are NOT expensive; normally costing around 1-2% of the cost of construction of a new building. The use of sprinklers will usually allow design freedoms as well, which can reduce construction costs and improve usability and design freedoms of the building. The chance of an accidental discharge is 16,000,000:1
If you would like further advice please contact Staffordshire Fire and Rescue Service (www.staffordshirefire.gov.uk)

13. Working smoke alarms correctly positioned in your home can save your life.

The Fire Service recommends you have smoke alarms on every floor of your home, including in each bedroom, and make sure you test your smoke alarms at least once a month.

Although the application of approved guidance and enforcement of regulations will give buildings the legally required baseline of fire protection, the Fire Service's viewpoint is many of these fall short of what we would consider adequate. This is why we campaign for the inclusion of sprinklers.
