STAFFORDSHIRE MOORLANDS DISTRICT COUNCIL,

STOCKWELL STREET,

LEEK

RE: SMD/2022/0656

I would urge the council to approve this application. There is a shortfall of housing in the district, there is the Moorlands Connect bus service which makes Meerbrook more sustainable and the houses will provide good quality family homes. It must be quite stressful living on site next to hen and stag parties, especially when they are not bringing in a profit. The vehicular traffic through the village will certainly decrease with the creation of three residential dwellings.

Signed
