Enquiry details
I would like to comment on the above application and make an initial complaint. The address listed in the
application is my home address. I would like it to be clear that this application is nothing to do with my
address or household. The site is a field directly behind my property which has no connection to my house. I
would like it also to be known that this application is against my expressed wishes and relies in part in gaining

access to the field using my private driveway that has been the only access to my property New House since it
was built in 1911 by my great grandfather.
