Submission: Objection
Comments: A totally inappropriate and too large a development for this site. Cherry Lane is by nature and name a narrow, poorly maintained "lane". It simply cannot take any more traffic. Its junction with Oakamoor Road has extremely poor visibility and is without doubt dangerous. Oakamoor Road is now very busy taking huge amounts of traffic to Alton Towers and I see that there is another planning application for this road for the development of a further 53 dwellings. How much more pressure can this road take, it certainly needs no more !! The letter submitted by the fishing club supporting this application says that recently their numbers have risen and this development will help their numbers rise even more. This means even MORE traffic on an inadequate and overused lane as it is. To approve this application would be madness and dangerous
