Hi

Below is another email from Mr Cooper who lives opposite this place, where are the two applications at this time I've asked for both to go to committee, there are continuing problems with the people who use this property.

Thanks

Linda

Last Saturday 4th March 2023 there was another extreme noise incident experienced from The Green Man Party House by my family. The noise started at 10.30pm and finished at 5am. There was no attempt to monitor the noise as far as we were concerned. The equipment installed appears ineffective to manage the noise which is generated at all times of day and night. SMDC planning are still considering two additional planning applications to extend the site activities which has been objected to by all surrounding properties.

We look forward to your comments and further actions.

Are we required to make a report on the SMDC portal for Noise Disturbance or are you dealing with these ongoing issues?
