Submission: Objection

Comments: My neighbours at Shortwoods and Leigh Lane Farm would be unfairly impacted by the close proximity of the proposed solar farm. They would gain nothing from this construction. The proposed access to the construction site is the drive to Shortwoods.

The proposed access road (Leigh Bank) is not suitable to convey the size and volume of construction traffic, nor would the humpback bridge withstand it.

The police report of potential criminal activity i.e. cable theft, metal theft etc. is concerning.

This is prime green belt farmland that would be out of production for many years. It hosts a healthy hare population, and ground nesting birds such as the green plover and the endangered curlew.

I did receive a letter 2 years ago from Lightrock Power, I sent emails and completed the online survey but was not responded to.
