YOUR COMMENTS ON THE CASE

I objected previously, to the new takeaway as the traffic issues already on the high Street are terrible, cars parking obstructing access through the high Street and more cars parking up adding to the issue. There are several takeaways here in town and we would benefit from something more to attract shoppers to the town. Parking on local junctions and cross roads are at a dangerous level, making good visibility when crossing junctions especially difficult. Best example included king stretch and the junction with John Street and how they park on yellow either side of the junctions. Similarly Well streets junctions with John Street as a full crossroads with extremely poor visibility too. A new eatery will only add cars and traffic to the already dangerous high Street. Someone will end up killed and yet we add to the possibility!
