Submission: Objection

Comments: I object to this planning application as the proposals are on Green Belt land and will generate excessive traffic on Barnfields Lane and at the junction with the A52. The location directly behind existing properties is unsuitable considering the potential for noise and disruption coming from the holiday cabins. The proposals show that the cabins are to be accessed via a single track lane which will create safety issues as visitors inevitably have to reverse onto Barnfields Lane. I am concerned that the proposals for a septic tank could lead to environmental issues if it was to leak. Having a commercial business here is not in keeping with the residential nature of this part of the village.
