Submission: Neither

Comments: I would just like to make a couple of points regarding this Planning Application.

Firstly we did not receive the letter of notification until Saturday 25th March, four days after it was sent thereby reducing the amount of time for consideration.

Secondly there appears to be some discrepancy in the paperwork?

The Plans submitted with the Application, dated October 2021, show an attached garage at the south end of the property, yet the plans submitted with the Arboricultural Report, dated 14th June 2022, clearly show a double garage at the front of the property on the East side? The proposed elevations dated December 2022 then show the garage back at the south elevation?

Could you please clarify which plan is correct so we can make accurate observations on what is being proposed? Thank you.
