Submission: Objection

Comments: This application went in before and was rejected because the golf course needs the carpark where they are planning to build houses. The road is busy enough without more residents moving in. Also the woodland that he proposes to get rid of to make a new car park is full of wildlife. There are endangered bats, owls, and lots more wildlife living in them. He continuously tries to put in planning permission for this golf course and as a local in the village I like having the golf course as it is.
