Submission: Support

Comments: SMD/2023/0059 with regards to the solar farm planning application at lower Tean leys farm. I would fully support the proposal, with the current energy crisis, these type of initiatives are important to all in the area.

Solar being one off the most sustainable forms of renewable energy and less intrusive than wind farms this plan should not effect the surrounding area.

The support to local groups should be embraced as this helps to improve the local area for all concerned.
