Regarding:

Application No. SMD/2023/0184

Applicant's Name: Mr. T. Sasiregan

Location: 8-10, Ball Haye Green, Leek

Prop. Development: Change to Fascia Signage

As a long-standing local resident, I give my full support to the proposed development.

1/ The corner shop, "The Green Ball", has consistently responded to the needs of local residents. They have gone above and beyond in supporting vulnerable customers. The "Go Local" corporate scheme in which they are partaking has only helped them to give that support more fully.

2/ The change in signage will simply allow people to know of the extra services available.

3/ The change in signage will be in keeping with the area, and make no significant difference to the appearance of the shop.

Therefore, the proposed development is all to the good, and should be passed.

Yours sincerely,

C.D. Storey
