Submission: Objection

Comments: I strongly object to the planning application. Running a dog business on green belt land right next to the Scout hut and bus stop where numerous children play and catch the school bus is a dangerous thing to do. It will also provide an environmental hazard, which will effect the villagers and the wildlife that call this land home. The positioning of the land does not provide a safe place to have uncontrollable and dangerous dogs. It is right next to the main road that runs through the village and very close to a busy junction making it difficult to enter and leave the field. The application highlights serious lack of knowledge of animal welfare issues. They have planned to have no one on site to ensure the welfare of the dogs as well as it being right next to a field containing dressage horses. Dogs are predators with a high hunting drive and horses are prey animals that will run when they feel threatened. This is a huge injury risk and will severely impact on the horses welfare. This planning application is completely irresponsible and should not be passed.
