Submission: Objection

Comments: This is a ridiculous plan. Beautiful green fields full of local wildlife and peace must not be churned up and over 200 homes built on it!! Far too many residents all ready in Cheadle as there are waiting lists for local doctors and dentists now! Cheadle is already a badly congested town as it suffers from Alton Towers traffic most of the year. Cheadle roads cannot cope with upto a possible extra 400 cars! Not enough places in local schools for anymore children. Why would anyone want to churn up an adequate road to construct a roundabout instead! Have these people have any brains?

A new roundabout would destroy beautiful countryside and create a huge noisy and disrupting period for local people. As I said, Cheadle people put up with Alton Towers traffic disruption. Come on Councillors, we are all trying to preserve our green spaces in order to save our planet from total distruction. This is serious and I hope that elected Councillors will see sense and throw out this planning application immediately. Ideas for a more responsible and appealing plan that does not include creating hundreds of more houses that there is no room for and are not wanted by Cheadle residents for the reasons I have stated.
