Submission: Objection

Comments: I wish to put forward my objection to application SMD/2021/0610 for the development of 215 dwellings on the land east of Froghall road.

Cheadle itself is already woefully under supported in terms of access to essential facilities such as medical care and school for the existing residents and the increase of population will only compound problems already seen. Additionally the extra traffic through the town will be unacceptable and wholly overwhelming, not to mention the additional traffic through near-by areas such as Kingsley and Kingsley Holt as people look for alternative routes to the proposed development. These areas are already busy and would not be able to accommodate the extra traffic.
