Submission: Objection

Comments: This is a direct road into Cheadle , which is so overcrowded already, Traffic is often at a standstill. This land I believe was never intended to be used for another housing estate. All our country side is fast disappearing . Until we have improved road infrastructure , we can not allow this to go ahead. For the health of future generation we need to protect our countryside . We need green fields for bee's insects to thrive , we are destroying the air we breath . This is not a safe option and should be refused . in my humble opinion it is dangerous to keep building estates before making sure schools, Doctors, roads can cope.
