Submission: Objection

Comments: Too much traffic already going through cheadle, and cumulative impact of the proposals and the extension at MJS Transport will have an unacceptable impact on existing traffic and congestion. The proposals do not indicate how they will mitigate their impact on Cheadles already stretched services. Already 2 new large estates recently been built that are struggling to sell so there is clearly not the need for further houses in the area. The development would be built on valuable agricultural land and erode the green belt between Cheadle and Kingsley Holt with the risk the village becomes absorbed by Cheadle.
