Comments: I have many concerns regarding cheadle infrastructure and this new project. Currently the traffic and parking in the town is far too busy. As a 23 year old I promote modernisation and moving forward however the town cannot sustain atleast another 216 veichles possible double or triple. I also fear that we do not have enough shops in the area to accommodate 216 families as often we are seeing low stocks of food and basic necessities in the local shops as it is. Needles to say there is many developments going ahead at the moment and there are many houses forsake on the market which begs to ask the question so we really have the demand for more. Needless to say will these new builds have sufficient parking for 2+ cars per household as most of the local new builds have not provided enough parking to accommodate the current size of the houses or frowning families that may at some point have 4+ cars
