Submission: Objection

Comments: I object to this planning application due to the large scale and increased demand it would place on the road structure and infrastructure of the town. There are currently at least 4 other developments of housing estates, which are not completed and there has been no increase in services or improvement to the roads around the town. Currently we are significantly affected by four way traffic lights on a major roundabout which is causing traffic chaos. An increase of over 200 households will place further demands on schools, health services, roads. Previous planning applications have been approved and what has been originally part of the planning application, to ease such pressures have then been retracted as no longer viable.
