SMD/2021/0610.

There's over 115 objections to this proposed development, So please listen to the people of Cheadle!! As this development is clearly in the wrong location, the proposed roundabout is & will be nothing but a complete death trap, Froghall Rd clearly cannot take anymore, as MJS Transport are expanding, Pottery Gardens is around 35% complete & already you can see a difference in traffic volume, public health and safety is NOT been taken seriously at all as increased traffic is making it unsafe to walk into town with narrow pavements vehicles speeding, running red lights at crossings to pollution/fumes we are breathing in, especially on Froghall Rd, Butlers Hill, Queens St, Tape Street, High St ect, the towns infrastructure just cannot cope & the towns facilities are at breaking point & also a very long list of other issues. See all other comments/objections.

So please see sense & reject/refuse the proposed development, & listen to the people of Cheadle....
