Submission: Objection

Comments: I object to the application on the grounds that this site is green belt and its change of use if granted will lead it to be used for more commercial uses in the near future , is this what the 2 large structures will be used for once erected ? why else would 2 buildings be needed?

There would also be additional parking issues with vehicles parking on the side of a busy main road or entering the site that has poor visibility due to the location of the bus shelter and site entrance

The site is also home to a lot of wildlife and this would be destroyed with the dogs running around and generating a lot of noise and also the vehicles entering and leaving the site .

The site also adjoins the Scout Hut and their field that is regularly by young children ,could this be a danger to them ?surely this is not worth the risk.

On these grounds i kindly appeal and request that this application is turned down before this site is turned into a commercial site and the green belt field is lost forever
