Enquiry details

We do not need 200+ house on froghall road. The road is congested enough now with MJS trucks and and car parking on the way down froghall road.It takes ages sometimes to get down froghall road especially at school times as well. The traffic coming down the road does not stick to the speed limit of 30MPH and is very dangerous to cross the road at the bus stops on wither side. Also where are the schools,doctors,dentists to serve these houses. We strongly object to these houses but if they have to build them please think of the young people who just cannot afford the prices, and build more social housing for the working families.
