Submission: Objection

Comments: I object due to there being no provision within the development for off-street parking for the mill residents. Yes, there are car parks dotted around the town but human nature is to park as close to your home as possible. The streets surrounding the mill are already overflowing with residents vehicles, vehicles belonging to people who work in town and people who shop in town. Anyone without the benefit of a drive or garage for their vehicle will understand my objection. Sometimes on an evening I have had to park 5 streets away from my house. This is not safe. And no, I can't sell up and buy a house with a drive. I agree the mill needs preserving. Could the ground floor be made into a mill resident car park, with access from Well Street?
