Dear John,
Apologies for the delay- we don't have any record of being consulted on this one unfortunately? Although we did spot it on the weekly list and thought the deadline was 25th July.
However you are correct; I don't think the ecology issues would warrant an EIA, and we have commented on a full application there (SMD/2022/0180) if you need to refer to that .

Hi,
You should have received a consultation request for EIA Screening SMD/2023/0318 a few weeks ago. We have a strict 21-day time limit to issue a decision – this deadline is Thursday this week.
Based on other similar schemes for battery storage sites near Cellarhead, I expect your response will be to highlight the likely impacts but to note that these would typically be dealt with as part of any planning application.
Please could you get a response to me no later than 9am on Thursday? If you need longer, let me know ASAP.
Kind regards,
John
