Categories:

My father, Kenneth F Castle lives at 315 Cheadle Road, Cheddleton. He may have missed the planning application deadline re comments but on dad's behalf I wanted to raise a couple of important points related to access that we would like to be considered.

I believe the driveway to 315 and 313 is owned and has been maintained by Kenneth Castle of 315 Cheadle road with the owners of 313 being able to use the driveway to access their property.

Kenneth has regular visits and therefore the driveway to 313 and 315 Cheadle rd needs to be available 24/7 to the emergency services/medical professionals and not obstructed at any time by vehicles or building works.

I hope this information can be considered when making decisions about the planning application made by Mr and Mrs Shaw.

Regards

Liz Hart (daughter of Kenneth Castle)
