Submission: Objection

Comments: Having reviewed the updated application, my original concerns still stand.

I strongly object to this application on the following grounds:

1. The increase in traffic along an already busy road. The traffic survey was taken during off-peak season at Alton Towers, and I don't think properly reflects the use of the road.
2. Lack of infrastructure in the town to support any additional housing, specifically the road network, doctors and schools.
3. The loss of more green space from the town, and the associated impact on wild life. Just because we can build here, doesn't mean we should.
