Submission: Objection

Comments: This development will lead to a considerable loss of green space in close proximity to a well enjoyed beauty spot of the town, which has both plants and animals which are endangered. It will alter the view from our house (on the other side of the lake) and lead to further traffic in and around our estate and on the main road. The main road is national speed limit, so adding houses here could lead to more accidents. The road infrastructure in Cheadle is not suited to handle more traffic. And facilities like dentists and doctors are struggling with huge patient numbers already.
