Enquiry details
Please can we discuss this application. There is minimum detail in the application. The extension has been in
place for the past two years and I can see how this is a partial retrospective therefore requesting guidance

from the local authority as a local resident. We were told the north east elevation would be rendered and it's
never been done, this is also not stated in the application. As it stands we feel obligated to object as in its
current state the the bare breeze block is an eyesore and a render would be in keeping with the surrounding
structure and buildings. I'd also like to ensure this application doesn't provide any precedence for an additional
storey?
