Email:
Submission: Neither
Comments: We note that the PROW Kingsley 58 runs through the proposed site, as shown on the Proposed Site Plan and Block Plan. (The grid reference in the consultation letter is misleading.)

The proposals should include detail of provisions to safeguard access for users, for example gates and signage. The plans show that the the PROW crosses the proposed parking area, and it may be appropriate to arrange a diversion.

Use of the PROW, and the safety of users must not be affected by the development, nor during the work taking place.

This comment is made on behalf of Peak and Northern Footpaths Society, a registered charity which exists to protect and improve public rights of way for use by walkers.

Nothing in this response should be taken to imply the Society¿s support for the development.
