Subject: planning application objection SMD/2023/0277 & 0276 & 0275

Categories:

I wish to lodge an objection to all 3 planning applications SMD/2023/0277 & 0276 & 0275.

I have lived here for 28 years and the noise is increasing. As an elderly resident I am concerned about the negative impact the plans will have on: the area, residents, our wellbeing, Westwood college, environment and habitat. The amount and types of vehicles are unsuitable for these residential roads. The pollution is also increasing with smells, flies etc and this is before the 800 cows arrive. Therefore I feel this plan is unacceptable.
