Dear Mr. Stokes,

Moneystone Quarry-SMD/2016/0378, SMD/2019/0716, SMD/2019/0726, SMD/2019/0646, SMD/2022/0014.

You will know that I have submitted representations concerning the burial of toxic waste at the Moneystone Quarry planned Leisure Site.

I note that I am awaiting responses from SMDC LPA to my FOIA requests concerning the needed for core sample analysis.

This morning the BBC news has headlined the attached article which has a relevance to the current and past planning applications. I ask that the article is drawn to the attention of the Case Officer and placed on the individual planning files cited above.

<https://www.bbc.co.uk/news/science-environment-66880697>

Whilst dealing specifically with metal production mines the article contains instructive and scientific evidence about how toxicity is spread in water courses and goes on to contaminate both land, food chains, animals and people.

As you also know the Moneystone Quarry site is subject to the Mines and Quarries legislation and that issue is currently awaiting a response to a FOIA response to Mr. D. Walters of Oakamoor.

I ask that the attached news item be drawn to the attention of the Case Officer so this that it informs her report to the SMDC LPA PAC in the forthcoming hearing of the above cited applications.

Yours sincerely,

Paul Housiaux <Paul.Housiaux@SMDC.gov.uk>
