Submission: Objection

Comments: The stability of the quarry is of huge concern and one of the main reasons that this application must be considered for rejection. The specialists who have been called in seem to have grave concerns, even those being paid by Laver Leisure themselves.....that's not a bit worrying, that's terrifying! Who's head will it be on if it becomes one of those major disasters that you see on the news? Mrs Curley's? The PAC Members? Or Laver Leisure's? I would imagine the media would come for all. It may seem far-fetched what I'm saying, however, the reports beg to differ. This area is atrocious during storms, many people get a power cut for 10 minutes, and we get cut off for 3 days. None of this has even been considered. Lives are at risk and someone needs to say "No".
