Submission: Objection

Comments: Once again I am writing to object to the planning application for Moneystone Quarry.

1. The road through the village of Oakamoor is completely unsuitable for the amount of traffic that will be journeying to the proposed development of 190 lodges many of which will be offered for private ownership. This could mean a village developing in what is supposed to be a holiday park. This puts more pressure on local roads and amenities and an increase in pollution and environmental harm.

2. The Churnet Valley Conservation Society continues to point out the instability of various areas of the quarry and the contamination on the site.

3. There will be an inevitable increase in noise, light and air pollution as a result of the development.

4. The local wildlife will be severely impacted.

Instead of destroying the countryside of the Churnet Valley the SMDC should be thinking of ways to protect the natural environment.
