Email:

Submission: Objection

Comments: I wish to object to the planning application SMD/2022/0014 on the grounds of the unsustainable nature of the development as there have been no safety inspections made or NPPF promoting public health and safety.

The dam is deemed to be unsafe and unstable.

Damage and degradation of countryside and nature.

The ancient woodland should not be damaged and there is a threat to SSSI's adjacent from variable water tables and ground erosion.

Poor safety to site access and very dangerous country lane to the development even though strangely this has been approved by SCC highways, they obviously NEVER use these roads.
