Dear Mrs Curley,

Support for Moneystone Park - planning application SMD/2019/0646 and SMD/2019/0716 and SMD/2022/0014

Please take this letter as a representation of my full support for the proposed Moneystone Park development.

Moneystone Park is now long overdue. It will bring much needed benefits to our area, not least in terms of delivering new jobs for local people and economic growth. As an area tourism is very important and this development will help to improve the offer available, encouraging more overnight and longer stays, and providing a new option for outdoor activity holidays.

It is also most welcome that new facilities will be available for the local community to enjoy.

Please approve this application.

Yours sincerely,

Name: JANET Barker
