Submission: Support

Comments: Hi Chris/ offers I would like to support this application for a few reasons

One it's a old woodworks yard its been there

70 odd years I bought wood from there 1990 it's struggle in the past few years so needs help to survive eg past problems

untidiness no investment etc. So it's great to see proper investment in this area.

My other reasons are we in this area have had some regular antisocial behaviour eg. Teenagers smashing up vehicles boat windows playing on machines plus thefts. There's crime numbers with local police teams if required. . All in last 3 years.

So I believe a secure shed for equipment storage will help on

this problem. IT Joins a industrial park

Employment area of Cheadle .

If I can help on this application please let me know

I am happy to call it in if your unable to support it

For what ever reason.

Regards Gary cllr Bentley
