Submission: Objection

Comments: I wish to object to the above planning proposals for the following reasons.

The proposed location is in a corner of the plot, where it will be viewed by a lot of houses in the area spoiling the views which are a main reason why people buy houses in this area.

This property has had several planning applications this year .If this application is approved there could be more applications to extend the main property or this outbuilding.

If the application is approved this could lead to residents in other areas wanting to build similar outbuildings which if approved would spoil the views and enjoyment of other residents.
