Submission: Support

Comments: I am a councillor for this ward I am in support of this application. I see no issue with the application and local residents were in support of the previous incarnation on the field opposite (which was subsequently withdrawn). The location, size and type of mobile home will not have any detrimental impact to the area. There will be no/negligible impact on the environment and traffic levels. It is vitally important for the applicants to continue to live at home with support of their family and live an independent life. It is my understanding that the applicants wish to reside in the mobile home therefore please include a planning condition that ensures that the mobile home can not be used for other purposes, such as holiday accommodation (without further planning permission).
