Submission: Objection

Comments: I wish to object to the proposed dormer windows at the front of the property, I consider that the design would seriously compromise the privacy of my rear garden. Manor Croft stands on ground that is raised above my house, with the installation of the front dormer windows there will be a clear unobstructed view into my garden and patio area, my privacy will be significantly compromised. Allowing the dormer window planning application with impact on amenity and quiet enjoyment of my garden and property.
