Submission: Objection
Comments: I STRONGLY object to this application due to several matters

The proposed access is on a single track "road" that is hardly wide enough for cars never mind construction traffic and i also believe that the part where the planning is for is an unadopted "road" maintained by the occupants that live there!

On inspecting the plans it looks like there is not enough "space about dwelling" to even consider this as a serious planning application!

With the issues of subsidence and land slides etc. in this area recently i think the planners need to actually visit the site as it is not reasonable to think it won't affect the hillside stability and water run offs etc.
