Submission: Objection

Comments: I object to this planning due to a number of reasons. Properties like the Grange should be protected and listed to stop these types of plans. This is an already over populated area and clay lake has become more and more populated over the years due to development. It's one thing building an additional dwelling in an already big plot of land. But putting multiple houses in an area like this and destroying the beauty of an old property is scandalous. It is happening all over the area and no one is stopping it. This needs to stop, it will become more dangerous with the increase of traffic and safety risks to children walking home from school. No doubt if they get refused 22 they will try for 15, then 10 until they get the planning permission. This isn't about the number of houses being requested. This is about not having any additional dwellings on that plot and reducing the already overcrowded area of endon, clay lake, brown edge and surrounding areas.

There is no individuality and homes with nice big plots anymore. Just increased cheap building, increased traffic, houses being built within 6 months with no garden at all and not enough space for families to park their cars off road due to squeezing in as much as possible in the development. Stop overdevelopment in this area!
